Adopt-A-Bowler Program

Since 1982, the Women's National Duckpin Association (WNSA) has been promoting the thrill and challenge of duckpin bowling competition for women. To date, we have held more than 150 events with over **\$1,000,000.00** in prizes and awards. Each year, our association organizes a number of tournament events designed to provide a professional environment in which women can compete to be the best. Our members have opportunities to compete for over \$40,000 in annual prizes, travel to other cities, compete in a professional atmosphere, and make new friends. The WNSA has attracted women bowlers from New York, Rhode Island, Connecticut, Massachusetts, the District of Columbia, Maryland, Virginia, and Canada.

The Adopt-A-Bowler program is a unique way for interested and qualified bowlers to participate in a single WNSA tournament event without any obligation to join. This program is open to women who have not been a member of the WNSA in the last five years, have a documented NDBC sanctioned average, and have not previously participated as an Adopt-A-Bowler. This program cannot be used for the Grand Prix Invitational event.

Any current WNSA member in good standing may sponsor a bowler and these bowlers will be given the opportunity to bowl on the same lanes with their WNSA sponsor. Should an Adopt-A-Bowler wish to become a member of the WNSA, the event in which they participated will be included in the bowler's eligibility into the Grand Prix Invitational event.

A bowler's entrance average is used for special qualifying and/or monetary awards and is calculated by using the bowler's composite book average (45 games or more) from their local area for the prior year *or* their composite sanctioned league average as of April 15th of the tour year in which they are entering, whichever is greater. For average verification and calculation purposes, all bowlers must submit copies of league average sheets that show statistics as of April 15th for each league in which they have bowled 45 games or more.

Bowlers whose entrance averages are below 110 will use 110 for purposes of special qualifying and/or monetary awards.

The standard WNSA event format is based on twenty-four qualifiers and is as follows:

- All participants bowl an eight game qualifying round. The twenty women with the highest scratch scores and the four women from the remaining field with the highest number of pins bowled over average qualify and advance to Sunday match play semi-finals. The number of qualifiers may change based on total entries.
- For the semi-finals, the field of qualifiers is divided into four divisions: A, B, C, and D. Divisions are first assigned to the top 20 scratch scores from the qualifying round (top qualifier = A division; second qualifier = B division; third qualifier = C division; fourth qualifier = D division; fifth qualifier = A division; and so on). Pins-over-average qualifiers are placed in their own division if we have 30 entries or more.
- Qualifiers for the semi-finals bowl one game against each bowler in their assigned division, with the highest scratch score winning each match. Ties are permitted and bowlers each receive 1/2 win and 1/2 loss.
- The bowler with the highest win/loss record in each division advances to the bracket round. These bowlers are seeded on the bracket based upon their win/loss records and scratch five game score. The bowler with the second highest win/loss from the each division becomes the second seed in the bracket. In all cases where there is a tie for win/loss record, the bowler with the highest total pinfall during the semi-final round will advance.
- The finals will be based on bracket eliminations for 24 qualifier and 18 qualifier. 24 qualifiers will compete as follows; 1 vs. 8, 4 vs. 5, 3 vs. 6, and 2 vs. 7. 18 qualifiers will compete as follows, the top two overall seeds will have a first-round bye. The remaining seeds will compete; 3 vs. 6, and 4 vs. 5. The winners of these matches will move to the next round, the winner of 3 vs. 6 will face #1 seed and winner of 4 vs. 5 will face #2 seed. The winners of these matches will then face each other for the championship. During the championship game, a bowler who cannot continue to complete the game for any reason cannot win the game. In the final game, however, the remaining bowler must complete 10 frames. The winner of the match bowls the next seeded person up the ladder, and so on, until a grand prize winner is determined.
