Eligibility

The WNSA is open to all female bowlers sanctioned by the National Duckpin Bowling Congress (hereinafter referred as the "NDBC") who have a minimum average as defined in the paragraph below of 110, and have completed and submitted the membership application. If a bowler wishes to join the WNSA and her average, as determined by the WNSA by-laws, is below 110, she will be assigned the minimum average of 110.

A bowler's entrance average, which is used for any qualifying and/or monetary awards, will be calculated by: 1.) The bowler's WNSA tour average from the previous year for three or more tours (2022 tour); 2.) if no WNSA tour average from the previous year, the bowler's WNSA tour average from two years prior for three or more tours (2020 tour); or, (3) if no WNSA tour average from the previous two years, the bowler's composite book average (45 games or more) from their local area for the prior year or their composite sanctioned league average as of April 15th of the tour year in which they are entering, whichever is greater. Bowlers with no WNSA tour average from the previous two years must furnish the league average sheet(s) as of April 15th of the year entering the tour for the purpose of average verification. Bowlers participating in more than one sanctioned league must use a composite league average and furnish a league average sheet as of April 15th from each league in which they participated. Bowlers must have bowled 45 games or more in each league. **Bowlers with no book average from the prior two years and no current sanctioned league average will be assessed 130 average for 24 games to advance to Sunday match play in the pins-over-average category or for minor awards in their first year of membership. 130 average will be reassessed after 24 games. The bowler will use new average for be for the remainder of the current tour season.**

Bowlers with no WNSA tour average for the previous two years must complete the chart below (attach additional pages if necessary). Should you have any questions, please contact the WNSA Statistician.
